Rules, Regulations & Waiver

INJURIES & ILLNESS: At The Naked Dog we strive to provide your dog with excellent care and a fun experience during their stay. Although animals are supervised at all times, injuries can still occur while dogs are hiking or playing together such as scratches, cuts or sprained joints. Such injuries are rare, but they happen at all doggie daycares. In addition, while infrequent, dogs can get into fights, even under close supervision. Common areas for bites as a result of these fights are the snout, ears, tuft of the neck and paws. At The Naked Dog, we have procedures to screen dogs for aggressive behavior and we do not allow aggressive dogs to join the pack. However, even the friendliest of dogs can get into fights with very little or no warning. In addition to injuries, it is possible for dogs to transfer illness such as upper respiratory infections and kennel cough, even with the required vaccinations and boosters. This is just like at a daycare for children where illness such as pink eye and the flu can be transferred from one child to another. Such illnesses do not occur often and all dogs must have the necessary vaccinations to check-in.

AGE & GENDER: Dogs of all ages are allowed at The Naked Dog as long as they meet the facility's criteria of vaccinations. All dogs participating in doggie daycare must be spayed or neutered if over one year.

ABANDONMENT OF ANIMALS: I understand if I do not pick up my dog by 5 days after the agreed upon pick up date, a certified letter will be sent regarding the animals abandonment. Should the animal not be removed within the specified time I, the client, hereby relinquish all claims to my animal, but shall not relieve me of my contractual liability of any treatment, boarding or care furnished.

PHOTOGRAPHS: I understand that photographs, video or digital recordings are taken of the facility, pets, customers and staff on a regular basis for, among other things, use in advertising by The Naked Dog. I acknowledge that all such images, together with prints and copyrights, therein are the property of The Naked Dog. I give The Naked Dog my consent, permission, and authorization, without compensation to me, to use, reproduce, and alter the images, in print and electronic format (including the internet), either alone or in combination with other texts and graphics. I waive my right to approve the finished photograph, advertising copy, print material or electronic files that may be used in conjunction with the images.

1. I agree that The Naked Dog will not be liable for any claims of injury, illness, damage or death to my dog during its stay and that under no circumstances will The Naked Dog be liable for consequential damages.
2. I certify that I have informed The Naked Dog of all dog and human aggression. I agree that I am responsible for any harm caused by my dog while in the care of The Naked Dog. I shall indemnify The Naked Dog against any claims made against it or for losses or damages suffered by The Naked Dog as a result of my dog.
3. While every precaution is taken to ensure my dog's safety, off leash hiking has inherent dangers. The Naked Dog has no control over wildlife, other dogs on the trail or trail conditions. There is a risk of any dog being lost or injured on the trail.
4. I understand that, in the event my dog appears to be ill or at significant risk of experiencing a medical problem, The Naked Dog will attempt to contact me for instructions prior to seeking veterinary care. If I cannot be reached, I agree that The Naked Dog may use its reasonable discretion in seeking veterinary care on my behalf and I will be responsible for all related expenses. I understand that The Naked Dog will attempt to use my preferred veterinarian, but if my preferred veterinarian is unavailable or other circumstances mandate including emergency care, I authorize The Naked Dog to use the veterinarians of its choice. I agree that The Naked Dog will not be liable for the actions and decisions of the veterinarian. I also agree to be responsible for any reasonable fees assessed by The Naked Dog for emergency care and transportation.
5. I authorize my veterinarian to share the medical records of my dog with The Naked Dog and other veterinarians. I assume full responsibility for payment of all veterinary services rendered, including, but not limited to, diagnosis, treatment, necessary grooming, medical supplies, transportation and boarding. I agree to make such payments directly to the attending veterinarian or reimburse The Naked Dog if direct payment cannot be made.

This agreement and waiver is valid from the date below and grants permission for future veterinary care without the need for additional authorization each time The Naked Dog cares for one or more of my dogs.

The Naked Dog Guidelines

Hiking:

- As part of the start up package, a discounted training session is required before dogs join the pack. This two-hour session can be set up on a weekday afternoon or evening, or weekend if necessary.
- The first hike we keep your dog on leash and the first week of hiking is a trial to be sure the dog is a good fit in the pack.
- Hikers sign up by the month. If you are out of town or if your dog is ill, the hike can be cancelled, but for all other types of cancelations the charge still applies to hold your dog's spot in the pack
- All fees must be paid by the first of the month. Any invoice completed after your dog's first hike of the month will incur a \$20 late fee.
- Dogs get into nature on the trails- please keep long hair trimmed and brushed and check your dog regularly for burrs, fleas and ticks.
- Dogs improve faster when the owners help! Owners are encouraged to join us on a hike and be consistent with our training techniques at home. We may ask for support around specific behaviors as they arise.
- We offer holistic dog care! We are fanatic about your dog's health and happiness. We may send suggestions about your dog's care and upkeep including grooming, crating and food. We always have your dog's best interest at heart and love when owners follow our suggestions.

Boarding:

- We leave for the hike at 10am so all dogs must be dropped off before 10am if they are joining us on the hike that day.
- Dogs that stay with us should be dropped off with their bed, food and food bowl.
- Because your dog is staying in a home environment and not a kennel we ask that long hair dogs have been brushed in the past week and all dogs have had nails trimmed within 2-3 weeks before they board
- All dogs must be up to date on vaccination. Bordatella vaccine, which is administered nasally, does not last as long as the injected vaccines so please ask your vet what they recommend before boarding
- Any dogs picked up after 7pm will incur an extra charge.
- Please let us know your estimated pick up time and what time zone you will be in/if you are leaving the country when you drop off so we know when is the best time to send you photos!

Training:

- All you need to prepare for your training session is to get a pen and paper ready to take notes!
- Don't tire your dog out too much, I would like to see them in their 'natural state'.
- If there is a specific issue, such as door reactivity, please tell me in advance so we can try to set up a real life scenario during the session

About Me

A long time practitioner of Natural Horsemanship, I sought to connect with dogs in a way that didn't involve treats or gimmicks, but instead worked with their innate psychology to produce the desired result.

I firmly believe that regular exercise, strong leadership and proper nutrition are the key factors to having a long and happy relationship with your dog.

A lifelong love of animals and years of apprenticing with several dog training led me to open The Naked Dog. What sets The Naked Dog apart from other daycare programs is that training happens in a real world setting - out on the trails - and gets reinforced every time your dog comes out on a hike with me. In addition to the structure of working with a trainer, my hikes provide daily exercise, socialization and dogs learn from the good example of the already trained dogs in the group.

This is a dream job for me and I am ecstatic to be getting such positive results from my clients.

Testimonials

“Through the process of spending time with Allegra and her pack, our puppy has acquired great-off leash skills so that we now feel confident taking her on hikes ourselves.” Audrey C

“Allegra has cared for both of our Weimers and always went above and beyond. She gets to know your pet, finds where they need improvement/growth, and works with them to make sure they are 10X better the day you pick them up from the day you dropped them off. Consistently reporting on how they are doing on a daily basis (if you wish), sending tons of pictures, and keeps you posted on any concerns. She makes our pups feel like they are home. In fact, our dogs come home missing Allegra and can't wait to see her again.” Cara K

“She took her time. Gave great advice on everything a new puppy owner could want to know - housebreaking, feeding, getting them to listen, stop biting & jumping, how to walk on leash, socialize with bigger dogs in a healthy way, learning the psychology of dogs and what they need to feel secure & know that I'm their leader, fun tricks for pups, and much more. And she didn't leave until all my questions were answered and I felt comfortable.” Sara G

“Hands down the best thing you could do for your dog and your own peace of mind. The Naked Dog is a thousand times better than any other day care or training/boarding service. Not only are the dogs stimulated by exploring new environments and smells but they are experiencing everything as a part of a pack.” Lori W

“Allegra's dedication and care for each dog, the competitive pricing, and the frame-worthy photos that I look forward to getting every day makes The Naked Dog deserve so many more than 5 stars.” Mark W
